August Meeting

Monday, August 12, 2018 - 7:15 p.m.
Webster Groves Rec Complex -
33 E. Glendale

Speaker: Maxine Stone

Topic:
Missouri's Wild Mushrooms

Maxine Stone

Maxine Stone will be our speaker in August. She is with the Missouri Mycological (Mushroom) Society. The Missouri Mycological Society provides education and training for proper collection, identification and documentation of fungi.

Maxine Stone will speak about hunting identifying and eating wild mushrooms. She will point out some poisonous mushrooms, but most of the talk will be about wild edibles.

Bring Your Weed

Get help with seedling ID for aid in deciding to pull or not to pull. If possible send a photo in advance to Dorothy Lockard at dglockard2@gmail.com or bring a viable seedling and/or photo to the regular monthly meeting. No shriveled or dried up seedlings please as this makes ID very difficult.

Weather Cancellations

If the weather is threatening for any of our club's meeting times, we will send an email notice of cancellation for that event. If you have any questions, please call Joan Tilford, 636 532-0695
